MAAA Wingspan Magazine released

Late Correspondence:

C 2.15 Rates Notice for State Field, Cootamundra

Correspondence Out:

To MAAA:

- M 3.1 Secretary/ President MAAA advice for the Forums Association
- M 1.5 Response to MAAA re G Hutchinson
- M 3.2 FW25 application for Ray Clarke forwarded to MAAA

To other than MAAA:

- C 2.12 details provided to the author
- C 2.13 Forwarded to BAC for advice and submission of documentation.
- C 2.14 forwarded to application for more information.

Business Arising from Correspondence:

The President advised the meeting that all the correspondence in relation to the unification of NSW and the MAAA teleconference will be dealt with in his report and completed in General Business.

Motion: that the inward correspondence is accepted and the outward correspondence be adopted.

Moved PMMAC **Seconded:** PRCAC **Carried**

Reports

Treasurer **Steve Norrie**

The Treasurer was absent with Apology tendered. His report and the accounts for payment will be circulated in the normal manner. Books and accounts will be forwarded to the Auditor in accordance with normal Association end of financial year procedures.

Motion 2

This motion requested the Council to agree that MAAA fund a professional mediator in NSW to work with all three Associations to attempt to come to a consensus for a single body to represent NSW.

Your Executive voted to accept this motion.

Your Executive will voluntarily participate in any mediation session as we continue to push the point that there should only be one MAAA Aeromodelling Ordinary Member in NSW.

I will be asking for a motion from the ANSW membership to nominate the following members to be involved in all mediation aspects on your behalf: President, Bob Carpenter; Secretary, Tim Nolan; Special Delegate and Consultant, Grahame Hutchinson.

Motion 3

This motion was to approve funding for the engagement of an independent South Australian Barrister to review the document presented by ANSW and provide legal advice.

Your Executive voted to accept the motion.

Background

As I detailed in my President's report last month, your Executive had information that the method proposed by MAAA to have a new 4th body representing all Aeromodellers within NSW was unable to be carried out as it was in direct contravention of the MAAA Rules (Constitution). This was one of the main reasons that we rejected the whole concept of the 4th body.

In an effort to obtain factual information from an independent source and to not rely on all the 'Bush Lawyers', other organisations and the complete MAAA Council, we commissioned Associations Forum Pty Ltd; a company based in Sydney that specialises in matters of Governance, Constitutions, and the general management of Associations, to review the situation. This required us to provide a copy of: the MAAA Statement of Rules, and the ANSW Constitution to allow them to fully review and report on the situation.

We received their written report late on the evening of the 12th of February and it confirmed our position that the 4th body was in fact unable to be put in place under the current MAAA Rules.

The report also identified major areas of governance and management that the MAAA are not complying with under both their Rules and also the Law in the form of the Associations Incorporation Act (1985) in South Australia. ***'This is a completely separate issue to the Unification of NSW'***.

Due to the content of the report, your Executive decided to forward it to the MAAA Executive. This we were able to do when we handed it to the MAAA President and Secretary at a meeting on the 17th February where we suggested that they should either take the information from the report and act on it (as we have complete faith in the document), or at least have it reviewed from a legal standpoint. The MAAA Executive obviously obtained initial legal advice as a motion was subsequently put to the Council by the Executive at a Teleconference that was held 1.5 weeks later (which is less than the three weeks required in the MAAA Rules) to obtain the services of a South Australian Barrister to identify the possible seriousness of the information contained within the document.

We have requested advice from the MAAA Executive as to when they will advise the Council of the Barrister's advice and it appears that they do not intend to take any action until the Annual Council Conference in May.

We will be providing an Executive Summary of the Report to members as the actual document is quite complex and needs to be read in conjunction with the MAAA Rules, and the Associations Incorporation Act (1985) - South Australia.

Registrar Dave Lewis

Current registrations are at 2270 and we are on track to hit our 2300 members in 85 clubs by June.

Secretary and CASA Liaison Tim Nolan

I can now advise that the purchase of water is complete and I have confirmation that it has been recorded against our Water Allocation License. We can now legally use the water for maintaining the State Field.

Newsletter Editor Rob Masters

I am pleading again for more contributions from everyone. If you are holding an event (and judging by the calendar and advertising flyers there are many) please drop me a few lines and some photos. Doesn't have to be anything special, I can easily bash it in to shape. Please give it some thought so we can publish something other than the official stuff.

Public Relations Officer Aranka Nolan

The meeting was presented with a draft of the survey questions and worked through a number of options and suggestions for inclusion in the survey.

These will be incorporated in the survey and will be presented to the April meeting again.

The timing of the survey is also a matter for the next meeting to consider as well as the possible issues of the survey conflicting with the mediation on the unification of NSW.

Other reports:

Motion that the reports be accepted.

Moved CMAC Seconded: CVRCMAC Carried

Completion of MAAA Instructor Course – Fixed Wing

Steve Schumack HPAC 37928

Motion: that the nominations for the award of Gold Wings be ratified.

Moved: CMAC **Seconded:** NSW Pylon **Carried**

General Business:

The first item of General Business is:

1. The next General Monthly Management Committee Meeting of Aeromodellers NSW will be held in the Board Room of DOOLEYS Waterview Club, Silverwater commencing at 8pm on Friday 8th April 2016 – all members and visitors are welcome.
2. Questionnaire, see relevant sections of the President's and Public Relations Officer's reports.
3. **The Forums Association Advice**, this advice has been received and outlined in the Presidents report. An Executive summary of the advice has been prepared and following discussion within the meeting it was agreed to send the document to all ANSW Ordinary Members (being the 85 Clubs). The Executive have not released the full document to all members but if any are interested a copy is available. The full document is quite complex and you will need to have a copy of various rules/ Constitutions, and the Incorporations Act of SA to understand the document and its full implications. If any members require further information please contact the ANSW Secretary.
4. The MAAA teleconference, details of 28th Feb are contained in the Presidents Report above. Following this report the meeting discussed the outcomes of the Teleconference and the implications of the Associations Forum Document. There was further discussion surrounding the contracts between, MAAA, ANSW, clubs and the individual members. This was regarding the legality of communications direct to members (the Club) and directly to individuals (Associate Members).

As a result of the first two motions from the MAAA Teleconference the Executive require formal endorsement to participate in the MAAA facilitated mediation, and of our commitment to the process.

Motion 1: That ANSW agrees to voluntarily participate in the mediation of all three NSW Ordinary members, to be arranged by MAAA.

Moved: RAAFMAC **Seconded:** WRCS **Carried**

Motion 2: Your President, Bob Carpenter, Vice President, Tim Nolan and Grahame Hutchinson will represent ANSW at this mediation.

Moved: CVRCMAC **Seconded:** WRCS **Carried**

Motion 3: That the Executive are authorised to seek whatever resources they reasonably require to ensure that they are able to act at mediation in the best interests of all ANSW members.

Moved: WMAC **Seconded:** WRCS **Carried**

Motion 4: In the event that a successful mediation agreement is reached, then any constitutional changes resulting from this agreement will be ratified by the ANSW Ordinary Members (Clubs).

Moved: RAAFMAC **Seconded:** WRCS **Carried**

5. The President formally advised the meeting that the ANSW Annual General Meeting will be held on the 13th May 2016, at DOOLEYS Waterview Club, Silverwater. He advised the meeting that the current Executive have indicated they will stand again as a team to help complete the unification of NSW.

The President invited any members who are interested in a position on the Executive to complete a nomination. All that is required is a document indicating the position you want to nominate for, your signature accepting the nomination and the signatures of two persons (not a club but individuals who are ANSW Associate Members) moving and seconding your nomination. If you require any assistance please contact the ANSW Secretary and he can assist with a draft form. Any nominations for Executive positions should be in the hands of the ANSW Secretary at least 14 days before the AGM.

6. Agenda Items for the MAAA Council Conference as well as applications for the MAAA Club Grants scheme should be forwarded via the ANSW Secretary for endorsement and State Body support. This also provides an audit trail to confirm that all applications have been received. If you have any items that you want raised at the Council Conference please contact the ANSW Secretary for assistance to get the correct format.
7. The Registrar requested that ANSW again move at the 2016 MAAA Council Conference that MAAA cards be reprinted and issued; upon attaining higher wings status (particularly Gold wings) or any other significant endorsement such as Instructor etc. These awards represent significant personal achievement and the culmination of much hard work on the part of the recipient. The cost of reissuing cards in terms of time and monetary value is insignificant in the overall scheme of things and MAAA should recognise its members at the earliest opportunity.

There being no further business before the meeting, the meeting was declared closed at: 10.10pm

Club News & General Interest

ANSW / HMAS Fly In – 12-13 March

Vivienne Hughes -Wagga Space Campers

What a great weekend was had by all at the recent HMAS Fly In!! After driving from Wagga on Friday evening we were greeted by beautiful blue skies and lots hungry people when we arrived at the field on Saturday morning. Due to an enormous amount of work and organisation by HMAS and ANSW we were able to set up and get bacon and eggs sizzling within 20 mins of arriving!

Breakfast over it was time to think of morning tea, dozens of home-made muffins and slices with a cuppa on offer for the crowd of spectators starting to appear. Most were keen to get a glimpse of the new craze..... FPV racing. Quite a large crowd gathered on the hill to watch these guys fly their machines around the course, lots of ooo's and ahh's could be heard when someone didn't quite make the gate or hit the ground earlier than planned! This presented an opportunity for our fundraising, so equipped with trays of goodies and

esky packed with drinks we made numerous trips up the hill to keep both the spectators and participants fed and hydrated.

Sausage sandwiches for lunch washed down with icy cold drinks were a great hit as the day was warming up to be one of the hottest March days for many years. Many people enjoying the shade of the gazebos whilst watching some amazing pilots and aircraft put on an excellent display.

Sunday proved to be, again, another very hot day both in the air and on the ground, again many hungry tummies filled with our delicious fare. All too soon it was time to pack up and travel back down the highway to Wagga Wagga, very tired but very happy. I cannot thank ANSW and HMAS enough for their generosity, help and support for our cause. Without them this great opportunity would not have been possible.

Dave Lewis taking his Tri-Pacer for a walk

It flies too!!

Your Old Working R/C Gear Wanted

WANTED

Aeromodellers NSW is about to launch an exciting NEW education program for all Clubs. We have some generous sponsors but we also need YOUR help.

- Do you have a trainer lying around collecting dust?
- Do you have a transmitter that is not being used?
- Do you have an engine or motor that could be used for a trainer?
- If you have any of this type of equipment that you no longer need and are willing to donate it you will be supporting an exciting and inspirational new program that will grow our sport in schools.

Please contact me if you can help.

Richmond 18 September (TBC), Marulan2 19/20 November

NSWPF

[Just an average group of flyers with an obsession for precision aerobatics](#)

NSW Pattern Flyers will be holding a two day event at

Gloucester NSW

Hosted by the **Gloucester Model Aero Club** on the **16th & 17th April 2016**

Come and join in the fun of pattern competition

The Field location from Sydney/Newcastle via Bucketts Way South through Stroud and Stratford: when you reach the 80kph limit approaching Gloucester go past Fairbairns Road, travel another couple of kms and take the next right into Jacks Road, after 1.7km turn right into Maslens Lane, then follow common route below.

Common Route: Maslens Lane is a good dirt road leading to the flying club, bending left at the farmhouses. It's in the middle of a dairy farm, so if there are any electric tapes strung across the road take them down, drive over them and reattach behind you. The last 200m can be slippery if it's wet, but it's wide and flat so stay in the middle and take it easy.

A BBQ will be operating on both days, so plan on eating their fare to help the Club funds.

Newcomers are most welcome, if you can loop, roll, fly inverted and perform a spin you can fly the Sportsman Schedule. There are plenty of experienced flyers there to lend a hand. The Sportsman Schedule is on our site www.nswpattern.org.au under the Schedules tab.

Please pre-enter by 13th April, by following the link on our website www.nswpattern.org.au
For more information contact Felix Nieuwenhuizen, on 0428 880 633, or at felchem@bigpond.com

Father and Son Team April 2013 at IMAC
