To all Aeromodellers NSW Inc. Club Secretaries,

June 2017

The following information is to help you with registrations for 2017/18 - including a blank Club (MR1-3) Registration Form.

**NOTE** - Fee for Club registration is \$25.00 and is to be completed first **before** sending member registrations.

All details have to be filled in please, **including the location of your Flying Field**. We file each year separately, so unfortunately writing "the same as last year" cannot be accepted. This registration is not connected with any CASA field registration process. GPS coordinates (Lat./Long), Street Directory Coordinates or Hand drawn diagrams are acceptable.

#### **Affiliation of members**

The Aeromodellers NSW Constitution states that Member Clubs will affiliate all their members through Aeromodellers NSW. You will note that there is a check box on the form to indicate your clubs intention.

#### **Club Email Contact List**

The ANSW Executive will use this list when we need to contact all Clubs on matters of an urgent nature, ideally this would be the Email address for the Club Secretary, however if they are not on Email - a **Club Email Contact Address** should be provided to the Registrar.

At the AGM that was held on the 12th of May, the Aeromodellers NSW fees were set for 2017/18. The MAAA component was set at the May 2017 MAAA Council Conference.

The amounts due are:

#### **Note:**

- The **Club** affiliation process **must be completed** with ANSW by the 30th of July (preferably earlier) to be eligible to provide a receipt for ANSW/MAAA fees. That receipt provided to a club member is in effect their "Cover Note" until their membership card arrives. Receipts to Club members should state date and time of renewal,
- If they choose, Clubs can now use the MAAA Database (details available from the Registrar) to:
  - Submit their Club affiliation and Executive details,
  - Register their new and returning Club Member affiliations.

Completion is subject to payment verification by the ANSW Registrar,

- The MAAA Database has had the State and Federal Fees set ready for each member type. Additionally Clubs have the option to set up to 10 Subcategories to suit their own Club Fee structure (Probationary, Social, Pensioner and other discounts etc.),
- Clubs do not have to set their fees on the database – it is there for convenience and it is not mandatory,
- Club Directors and Officers insurance is already built in to the fee structure, every club is automatically covered,
- Clubs **MUST** provide Date of Birth for all Members both new and renewing,

#### Online Database –

- A. Clubs who use the MAAA Database to perform registrations need only send the MR1-1 Affiliation Form after they have completed a batch and made a payment. The minimum amount of information is required (just the numbers and types). This can be sent by Email containing the the Reference Number (if Electronic banking),
- B. Clubs using the MAAA Database can download their existing 2016-2017 Membership lists directly,
- C. Clubs who **do not** use the MAAA Database can request for a list to be sent electronically for them to use (contact the Registrar please),
- D. Clubs who **do not** use the database will have to complete the MR1-1 Affiliation form **in full** for each member,
- E. If **not** using Electronic Banking we have to wait to receive the Cheque or Money Order before processing – so you might as well send hard copy of the batch details – not much time will be saved by emailing.
